Managing our client's Master Key systems Australia wide since 1995.

***PRV Locksmiths delivers turnkey, customised locking solutions to a range of industry sectors.***

### **PRV Client Gateway - Lock Maintenance Database**

Providing our customers with an up-to-date database of their door hardware and a complete maintenance history at their fingertips.

### **Key Terminal - Advanced Key Management**

Understand your master key systems with ease and manage even the most complex systems professionally.

Both PRV Gateway and Key Terminal are provided free of charge to all our customers.

## ***EXPERIENCE THE PRV DIFFERENCE***

### **Australian Family-owned Company since 1995**

Mark and Jenny Deans have worked hard to create a culture that attracts the best locksmiths and management personnel. Staff are kept up-to-date with industry best-practices and technical developments.

### **Partnered with the world's leading security vendors**

In today's day and age, reputation is everything. That's why we only partner with the world's leading and most trusted lock manufacturers, ensuring we have access to the latest range of products in the industry.

### **Utilising the latest technology in master keying**

PRV Locksmiths use cutting edge technology when it comes to the design and installation of high security master key systems. All systems are designed, manufactured and housed in our secure facility located in Sydney.
